Becoming a Foster Parent

Youth Focus Therapeutic Foster Care is always working to match each child with a home that will be able to support and help them cope with the unique challenges life brings. In order to do this successfully, we are in need of foster parents from all types of backgrounds and life experiences.

Youth Focus Therapeutic Foster Care does not discriminate against foster parents nor children based on race, color, national origin, marital status, disability, sex, gender identity or expression, income level, political beliefs, and in fact highly encourages anyone who represents the diversity in our community.
